Northstar Solutions

Remote Work Guidelines

Effective Date: January 1, 2026
Department: Human Resources

1. Purpose

These guidelines establish the rules and expectations for employees working remotely at Northstar Solutions. Our goal is to support flexibility while maintaining productivity, collaboration, and information security.

2. Remote Work Policy

Eligible full-time employees may work remotely up to three days per week. Employees are expected to work from the office at least two days per week, unless their manager approves an exception.

Remote work schedules must be agreed upon with the employee's direct manager and registered with the HR department.

3. Working Hours

Employees must remain available during the company's core hours, from 9:00 AM to 4:00 PM (local time), Monday through Friday.

Employees may organize the remaining hours flexibly, provided they complete their contracted working hours and attend scheduled meetings.

4. Equipment and Workspace

Northstar Solutions provides eligible employees with a company laptop and the necessary software.

Employees are responsible for maintaining a safe, quiet, and professional workspace. Company equipment must be used primarily for business purposes.

5. Information Security

Employees must:

- **Use the company's approved VPN when accessing internal systems.**
- **Never share company credentials.**
- **Avoid accessing confidential information through public Wi-Fi without secure protection.**
- **Report suspected security incidents to the IT department immediately.**

6. Communication

Employees should respond to internal messages within two business hours during core working hours. Team meetings and important announcements must be attended or acknowledged.

7. Exceptions

Requests for temporary changes to remote work arrangements must be submitted to the employee's direct manager at least five business days in advance.

HR may review exceptions based on operational needs.
